

Drug Testing - Urine Collector Proficiency Instructor

Length 8 hours (1 day)

Scope

This course is designed to train the trained collector in instructing new collectors or providing refresher training and error correction training to trained collectors. The course meets the requirements set forth in 49 CFR Part 40 and USCG Modal Rules and other Modal agencies.

Objective

The course is designed to meet the collector training requirements and instructor training requirements as outlined in 49 CFR 40 including knowledge of basic information, qualification training, and proficiency demonstrations.

Entry standards

Individuals that are on board ship with designated management or supervisor capacity in the area of urine collection for drug sampling in compliance with 49 CFR part 40 and have completed the collector course.

Teaching Facility

STAR Center, Dania Beach, Florida
